UCAS Clearing Listings

The Independent is the only national newspaper to carry the complete official UCAS listings. The

Independent has proven time and again that no other newspaper is as committed to helping students find the right course and institutions to reach their targets. We will be producing eleven listing supplements in total. From Thursday 20th August to Thursday 11th September the entire vacancy listings will once again be split into two supplements – Humanities & Arts and Science & Engineering, which will appear alongside each other. Advertisers will be able to tailor their message and target specific groups across the Clearing spectrum.

Scottish Listings

Published on the day of the Scottish Higher results, this special supplement addresses the specific needs of students north of the border. Publication date is 5th August 2009.

Study Scotland

Following on from the success of this new initiative in 2008, 'Study Scotland' explores Scotland as a place to study. University profiles, cost of living and travel information are just a few of the topics discussed. Published just before the Scottish results are released, this supplement is key for those keen to remain in Scotland to pursue Higher Education.

Study Wales

Following on from the success of 'Study Scotland' The Independent will be publishing 'Study Wales' in 2009. 'Study Wales' explores Wales as a place to study. University profiles, cost of living and travel information are just a few of the topics discussed. An ideal resource

for students considering pursuing Higher Education in Wales.

Go Higher – The Parents Guide to Education

Since the introduction of tuition fees, parents have become increasingly involved in the choice of HE institutions and the ins and outs of student life. This makes this product the essential read for every parent covering all the key areas, from funding to flat hunting.

Gap Year Guide

A very successful and long standing supplement that is published in The Independent. It looks at the opportunities for those who wish to take a year out before going into Higher Education.

The Clearing Guide

A simple step by step guide for students to help them optimise the Clearing process. Designed to be retained, institutions will have the opportunity to provide detailed information such as opening times and special Clearing telephone numbers. As well as the opportunity to highlight the benefits of each of their own facilities etc.

Student Finance Guide

Going to University comes at a price. We look at the cost of a degree, helpful saving tips and plenty of information on what the institutions are offering to lessen the financial burden.

UCAS Extra

Introduced by UCAS for the first time in '03, The Independent was the first to provide a successful

listing service for those looking to use their 'sixth choice'. All UCAS Extra supplements will be supported and promoted by UCAS. UCAS Extra dates are Feb 26th, Mar 26th, Apr 30th, May 28th, June 25th. £50scc mono, £70scc colour.

Telephone Directory £3000
